

PRESS RELEASE

FOR IMMEDIATE RELEASE: February 21, 2005

**ARIZONA SUNBELT BUSINESS BROKERS, LLC. VOTED BEST
BUSINESS BROKERAGE FIRM IN TUCSON FOR 2005
BY ARIZONA BUSINESS MAGAZINE.**

Each year, Arizona Business Magazine conducts its "Ranking Arizona" business opinion pole for the state of Arizona. Categories are selected by the magazine's staff based upon the business and leisure activities of Arizona's business community. The bulk of the voting takes place via the magazine's web site www.azbusinessmagazine.com. This year's voting included more than 5,000 businesses in over 200 different business and leisure categories.

According to Michael Atkinson, President and CEO of Arizona Business Magazine, "Ranking Arizona is based purely on opinion. We feel company revenues and number of employees shouldn't be the only criteria used to judge the best. Instead, participants who voted based their opinions on quality of product, service and people".

Each participant voted for the "best three" in each ranking category. The votes were collected over a twelve month period and tallied in August. The responses were then assembled and ranked according to their total number and the results were published in January.

In the 2005 publication, for the fifth year in a row, Arizona Sunbelt finished second in the state and first in Tucson in the Business Brokerage category. The firm is the only business brokerage to finish in the top two positions the last five years running.
